Flights are held annually in the Brisbane area, usually about mid year, and this application form serves as an expression of interest in attending the next flight. Applicants will be contacted about six weeks before the flight with details of the date, location and cost of the flight, and will be given the opportunity to confirm or withdraw their application.

### What is *Chrysalis*?

A Chrysalis weekend is a three day experience which takes a look at Christianity as a lifestyle. It is a highly structured weekend designed to strengthen and renew the faith of young Christians and, through them, all those with whom they come in contact. Chrysalis is an ecumenical, combined effort of laity and clergy toward renewal of the Church.

### What happens at a *Chrysalis* weekend?

You will spend three days with other young people in worship, prayer, fellowship, recreation, singing and discussion. You will experience the love of Christ through the prayers and acts of service of a loving support community. You will hear fifteen talks – five each day – given by young people and adults, and will spend time in discussion of these talks and how they can be applied to life. These talks present the theme of God’s grace and how that grace comes alive in the Christian community, focussing on the needs of maturing youth. Together you will explore how friendship with Jesus can help you live your faith with friends, family and community.

### Who is *Chrysalis* for?

Chrysalis is designed for young adults of 18 years and over who have a personal faith in Christ but who

- want to strengthen or develop that faith
- possibly have unanswered questions to resolve
- are willing to explore how their Christian faith works out in practice in the everyday world, and
- are open to the possibility of developing leadership qualities for service in the Christian church.

### Why “*Chrysalis*?”

The chrysalis is the growth stage between the caterpillar and the butterfly. While on the surface it looks as though nothing is happening, deep within the caterpillar is transformed into a beautiful creature that flies in God’s sunshine. This symbolises the way Christ can change us into new beings and the spiritual growth that matures a young Christian man or woman.
